

FCDO Services

Apprenticeships

The main thing that we do!

We employ a range of specialists to deliver secure and professional digital, estates, logistics and security services.

We design, build, secure and maintain embassies and government buildings across the world, protecting people, assets and information.

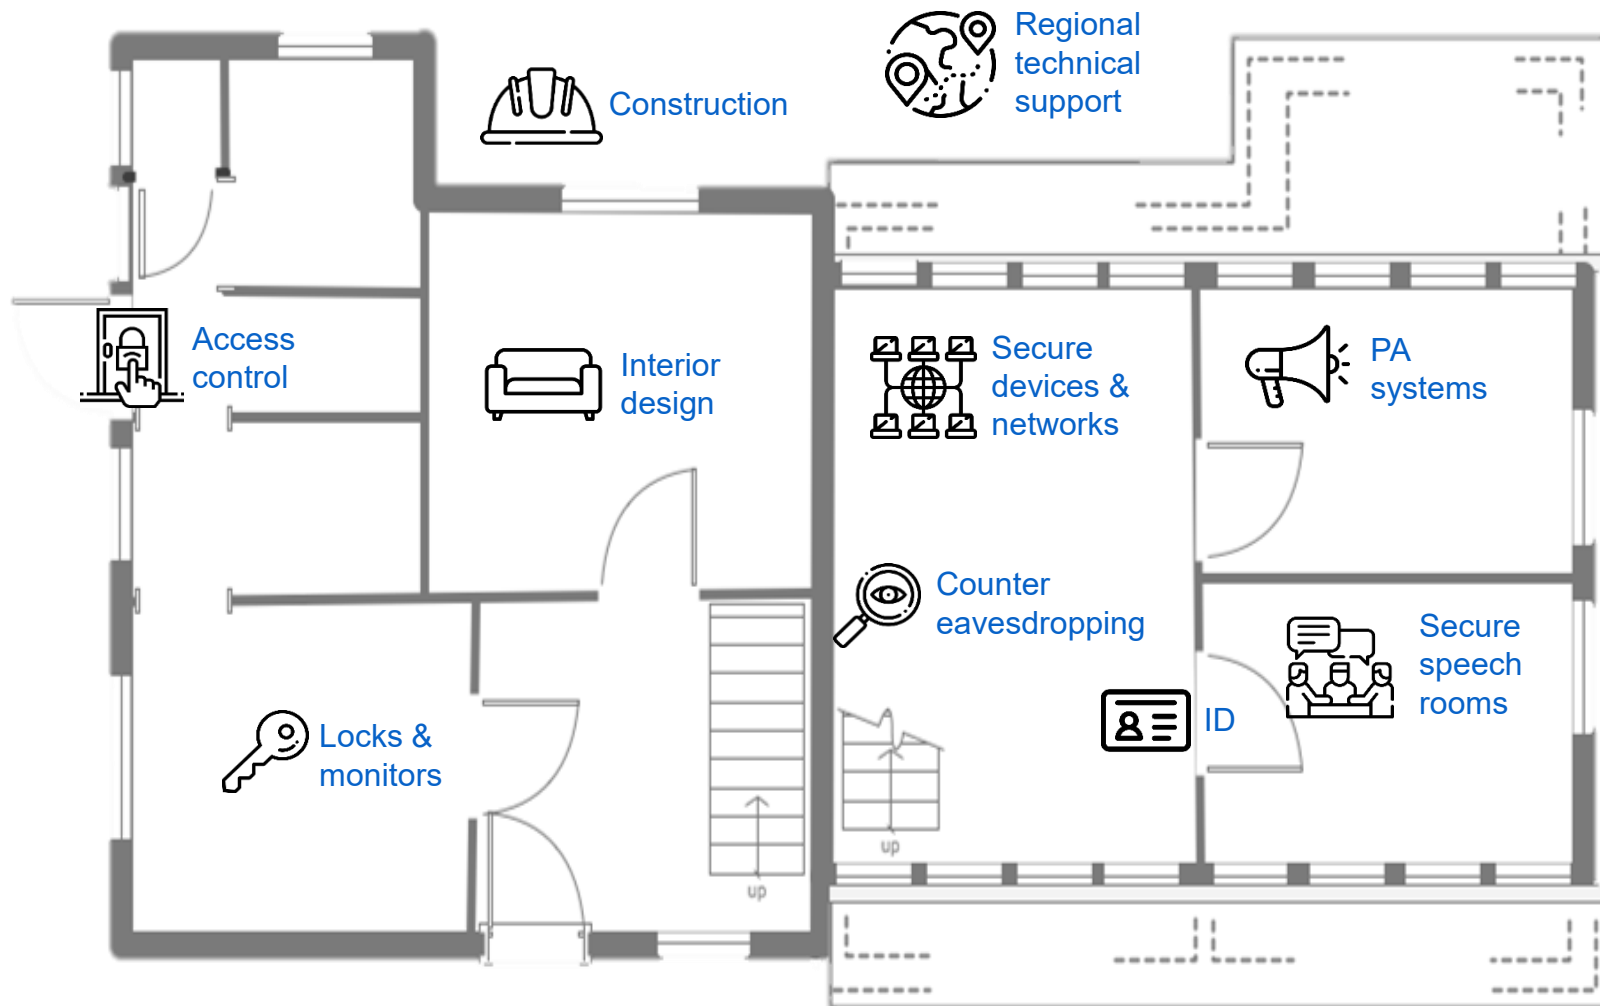

Our main customer is FCDO, but we work with many government departments.

British Embassy - Bangkok

How we protect our embassies around the world

	Secure hosting		CCTV
	Security monitoring		Secure logistics (including the King's Messengers)
	Cyber monitoring		Radios
	Project management		Vehicle procurement
	Review & redaction		Architectural design
	Translation & interpreting		Service Now
			Perimeter fencing

We are the home of UK NACE – the technical experts in detecting, countering and preventing espionage attacks.

How to apply

Applying for an apprenticeship

Here, you'll find the advice you need to make the most of your application. Find out what we look for and what you can expect. How to prepare and how our application process might be different to other employers. We'll also take an in-depth look at the vetting process and what this means for you. For more great tips, check out [our wider section](#) on how to apply giving everything you need to know about what it takes to join us in any role.

**Apprentice recruitment campaign
February-March every year**

<https://www.fcDOServicescareers.co.uk>

Application Process

Timetable can be found in Candidate Application Pack.

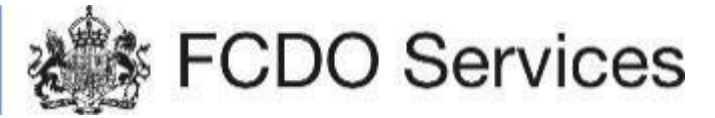

1. Online application form
2. A face-to-face group exercise where you can show us your interpersonal, team building and problem-solving skills.
3. Strength based interview.
4. Successful applicants will be given a conditional offer based on security vetting.
